## After School Activity Program - Cooking

Bangkok French Academy has started the cooking session in order to respond to the children needs in extending their times after school to input their creativity through the cooking lessons. The children will be get to cooking variety choice of international cuisines and desserts. Our cooking class program is suitable for the children from the age of 3 years old and above. Our cooking coach has over 7 years working experiences with the children from international schools.

Why chose cooking class with Bangkok French Academy?

We have experienced in working with young children and we have been working with well known international school in Bangkok and provided after school activities. Cooking has been very popular among the school. Our coaches received first aid course and child protection. Moreover, all of our coaches had clean criminal record which you can be sure that your children are in the safe hand.

What is the most suitable age to join the class?

The fun cooking class is recommended for the children from the age of 3 year old. We normally prepared the cooking lesson that will be suitable on their age and their cooking skills.

What will your child get to cook?

The children will be cooking and baking various choice of foods and desserts such as pizza, pasta with meatballs, sushi, cupcakes etc.. Moreover, they will get to cook or bake delicious choice of treat for special occasion such as Christmas, Halloween, Loy kratong etc..

What if your child has got food allergies?

We would like you to give us a notice on your child allergies. If you do not inform us in advance we will not take any responsible. Therefore, it is very important to give the school or our coach a notice. However, we highly not recommend if your child have got any issue with dairy or eggs products to join in the activity.

What will your child get to do in each lesson?
