For those parents enrolling from the Japanese Section, we would like to remind you; No Japanese Section Teachers are present during Camp. If you need to communicate with the teachers, please use the communication book provided during camp and write in English. Our Japanese Office staff will be in the office during the camp. If you need help communicating with the teachers in English during camp you may contact the office to help. The Camp is run according to an International Curriculum, some practices will be performed differently from what happens in the Japanese Curriculum. The biggest difference is the way we handle toilet training. For those of you that have any concerns please talk to the International Section's Head Teacher before enrolling for camp. Thank you.
